

"Entrepreneurship"

bilateral seminar in Nice, France

Funded by
the European Union

Dates: From March 6th to 8th 2020

Theme: Vocational education and training (VET)

Seminar Venue: Hotel Ellington 25 Boulevard
Dubouchage Nice

Participant from ZSHG: Magdalena Buczma-Pawelec

A 3-day bilateral seminar held in France aiming at introducing the idea of eTwinning projects to its participants. Teachers could find out how to create and plan the project effectively, there was also a chance to talk to the French eTwinning ambassador as well as the coordinator of a successful French project as an example of good practices. The cultural activity was introduced in the form of a sightseeing city tour. In the end new Polish-French projects were created.

On our Polish part it was "6 steps to friendship" - an eTwinning project and a collaboration of 6 teachers from different regions of France and Poland. In this project students had to introduce their schools, ask questions about different areas of life and also write the answers to them.
